About Aeeris

Aeeris Limited is one of the World's leading aggregators of geospatial data and provides unique location based Safety, Operations Management, Severe Weather and All Hazards data and content services.

The Company's *Early Warning Network* platform and proprietary *GNIS* technology system enable Aeeris to provide a range of critical services - Live data on natural and man-made hazards affecting our clients, various applications to protect workers and assets, aerial and ground based imaging of facilities and infrastructure, and digital tracking, mapping and monitoring of assets and personnel.

Additionally, the Company provides corporate and government clients with specific digital alerts and other content in real time regarding a range of disruptive geospatial events including storms, floods, damaging wind, hail, hurricanes and cyclones, as well as non-atmospheric hazards such as fire, tsunamis, solar radiation, traffic and power outages.

Our services solve natural disaster awareness problems and promote personal and employee safety, asset protection, risk management, as well as helping to mitigate the financial impact of adverse events.

Aeeris is listed on ASX with the ticker code AER
